Education consultant, Peter Barton, former Senior Inspector for Dorset and former Education Officer for Unicef will lead the training with workshops from DEED and CGA.

**This training will help you plan outstanding provision for your school, using OFSTED guidelines.**

**The programme includes:**

- Definitions of key terms
- Guidance on auditing your school's current provision
- Preparing your school effectively for the new OFSTED Framework, including a model SEF illustrating what a school with outstanding provision would be like
- A sample school action plan for promoting Community Cohesion
- Curriculum planning tools for teaching and learning at all Key Stages
- Tools for learning about *Multicultural Britain* and social diversity in their school community

**Community Cohesion complements many other aspects of school life including:**

- Equality policies and action plans
- Children's Rights
- Every Child Matters
- SEAL/PSHCE

***"I now have a clear idea of what Community Cohesion is and how it can be demonstrated in my school."***

Teacher, St Mary's RC First School, Swanage
